## **SPOTLIGHT ON LEARNING- TALENT DEVELOPMENT**

**By: Lalitha Murali**

Future City is a project-based learning program where students in 6th, 7th, and 8th grades imagine, research, design, and build cities of the future. This year, both 7th and 8th grade teams participated in the Wisconsin Regional Competition on Saturday, January 15, 2022 through zoom. The theme for this year was building a futuristic waste-free city. Students have to complete a series of deliverables like a 1,500-word essay, model slideshow, 7-minute presentation video, and submit an expense statement and project plan before the competition.

Congratulations to our 7th grade scholars, Vada Goss, Reece Couch, Mary Kyzer, Jack Hildenbrand, and Roman Caban for winning the Best Power System award for their futuristic city COKI. Below are links for their city presentation and model slideshow.

Congratulations to our 8th grade scholars, Nyla Deans, Julianna Franklin, Madeline Cook, Taylor Abbot, and Layla Caples for winning the Exemplary Model Award, Outstanding Use of Circular Economy Principles Award, and the CHAMPIONSHIP Award. These scholars will be representing our state at the national competition on Saturday, February 5, 2022 and Saturday, February 12, 2022. We need your help in getting the PEOPLE CHOICE AWARD for our state. Please lookout for the link in the next couple of days and vote for our futuristic, circular city, GREENDALE. ## HerStory

Our district is one of the few districts to receive the DPI grant to provide leadership opportunities for a handful of girls from historically marginalized groups this year. We have identified 23 girls with leadership potential for this program and are training them for five days to develop their leadership skills. This is a great program where these students will be working with professionals on five different days throughout the year. Participants will be learning various skills from the HERstory curriculum that focuses on improving their creative writing with opportunities to publish, positive self-identity, leadership development, and building healthy relationships.

Congratulations to Valentina Bebhly, Shayori Bose, Louella Nanyanzi, Nina Lima, Winnie Palma, Dallas Horton-Garner, Magdalena Rosas-Sarmiento, Lauryn Humphrey, Naomi Alexander, Anacamila Alvarez, Makailynn Faye Hightower-Rodriguez, Charlie Clevert, Brayla Johnson Alexander, Erica N. Pendelton, Zhana Right, Nakayla Deans, LaNaviah Guthrie-Ezell, London Underwood, Morgan Einsiedel, Ellis Essence, Isha Moore, Ariyana Bellamy, and Riley Ransaw-Nelson.

**Addition of January 28th and February 18th Asynchronous Days:**

When the 2021-22 calendar was approved last spring our covid burden rates were low and vaccinations were rolling out. We all anticipated a much more “normal” school year and the calendar was set up that way. As we all know we are now in a space where in many ways the covid situation is much more challenging than it was last year and we are clearly not back to “normal”. Because of this it is imperative that staff have this additional time to collaborate and plan during a school year that has continued to challenge them to teach and support students in ways they have never been called on to do before. In order to ensure that your students are supported we have to continue to support our teachers. The two asynchronous days are a very small way to provide them some of this time.

Last year from March until June the district participated in asynchronous days on Fridays. Asynchronous learning is a general term used to describe forms of education, instruction, and learning that do not occur in the same place or at the same time. This includes various forms of online learning in which students learn from instruction—such as prerecorded video lessons or game-based learning tasks that they complete on their own and that are not being delivered in person or in real time. On asynchronous days students are expected to participate in asynchronous learning assignments and activities through the Google Classroom Learning Platform. Asynchronous work will be a continuation of independent work tied to current learning with the pace of the curriculum being delivered. It will often focus on reinforcement of concepts and skills. Teachers will provide information specific to their curriculum, place in instruction and the age of their students.

Please know that all decisions made are intended to ensure that we are doing what is best for your children. On behalf of the staff in the Glendale River Hills School District I thank you for your continued support.

Mrs. Weiss

## Student and Family Assistance Program (SFAP)

A free and  
confidential resource

# We can make a difference for students and families.

## A healthy home and family life can nurture academic excellence.

To promote healthy homes, minds and families, your school is proud to offer the Student and Family Assistance Program (SFAP). Sponsored by the Employee Assistance Program (EAP) of Advocate Aurora Health (AAH), our counselors have been serving families for more than 25 years.

### How it works

The SFAP is available at **no charge** to all students and family members residing within the household. Help begins when a family member or legally responsible adult calls the program.

#### Based on your needs, our specialists will:

- Connect you by phone with a professional counselor who will consult with you.
- Schedule a confidential appointment with a program counselor for you or your family. Many times, a family's concerns can be resolved within program sessions, saving time and money.
- Assist with an insurance- or community-based referral if your situation requires diagnostic or ongoing treatment.

All services are **confidential**. No information about you or your family situation will be shared with school personnel without your permission in accordance with state and federal law.

### When to use the program

This varies from person to person. Generally, it's wise to seek help when a problem:

- Interferes with normal activities
- Occupies too much of your time
- Persists for more than several weeks

#### Typical concerns may include:

- Parenting support and coaching
- Academic pressures
- Alcohol/drug issues
- Anxiety and depression
- Child/family issues
- Divorce/blended families
- Marital/relationship issues
- Stress management

### Additional services

#### Seeking a healthy balance

The following services are available to help families quickly and conveniently address other issues that may impact their lives:

- Legal consultation and mediation
- Financial consultation
- Child care resources
- Elder care resources
- Adoption information

### Our promise to you and your family

Your privacy is protected in accordance with both federal and state laws regarding mental health and medical treatment records. The professionals within the SFAP make every effort to protect your privacy and ensure that your participation in the program is completely confidential.

### How to reach us
